

FARMER CO-OPS PROVIDING FOR MASSACHUSETTS

Farmer co-ops in Massachusetts and around the country give individual farmers the opportunity to truly participate in the agricultural and food system, all the way from farm to retail.

Farmer co-ops are taxed differently than other types of companies. Section 199A was passed to put co-ops and small businesses on even footing with big corporations. It has been a success and was critical in seeing farmer co-ops and their members thrive through a pandemic, unrest around the globe, and the highest inflation in a generation. Congress should stand up for agriculture and extend this important tax provision.
