

FARMER CO-OPS PROVIDING FOR

# NEW YORK

Farmer co-ops in New York and around the country give individual farmers the opportunity to truly participate in the agricultural and food system, all the way from farm to retail.

Farmer co-ops are taxed differently than other types of companies. Section 199A was passed to put co-ops and small businesses on even footing with big corporations. It has been a success and was critical in seeing farmer co-ops and their members thrive through a pandemic, unrest around the globe, and the highest inflation in a generation. Congress should stand up for agriculture and extend this important tax provision.
